## ***Pastor's Ponderings***

### ***...on Problems, Prayer and Perspective...***

A couple weeks ago, as I was waiting in line at our local Marc's, the person in front of me was having a difficult time completing his transaction. It seemed like a simple matter having to do with some coupons or pricing; yet somehow it became a really big deal. As I listened to the man vent his over-the-top frustration at the young cashier, I thought about those times when I myself have turned a minor inconvenience into a major incident. Usually I try to hold my irrational irritation inside; but sometimes I, too, burst-forth like an out-of-control fool. As an outside observer of that day's Marc's Madness, I used my extra time in line reflecting on two simple, yet effective tools I find helpful in warding-off that kind of ridiculous reaction when it wells-up in me.

The first is *Prayer*. More specifically, remembering the first line of the so-named *Serenity Prayer*: "God, grant me the serenity to accept the things I cannot change...." This short prayer, which is widely used by A.A. and other 12-Step programs, was written by Reinhold Niebuhr, a renowned theologian of the Evangelical and Reformed Church [later, the United Church of Christ]. It offers a simple, yet profound reminder that so many of Life's little irritations - and big problems - are things that are simply out of our control to change. Remembering this, can help us circumvent a lot of futile foolishness, as well as give us more time and energy to focus on the prayer's second and third parts "...Courage to change the things I can, and the wisdom to know the difference."

Of course, remembering to pray and remain calm when my irrational ire us up, is basically the core of the problem! This is where this second tool is becoming increasingly useful for me: *Perspective*. Lately, I've been thinking about many of the issues and concerns that seem to be ripping-apart the fabric of our civil society.

It strikes me that many of the “problems” that can bedevil me and many around me, are really quite pathetic when measured against the true problems that most people in this world face. While we get ticked-off because our grocery trip hits a little bump, there are *millions* who would gladly trade places with us. An hour traffic tie-up in an air-conditioned car would be a delightful treat to someone who walks that long to acquire food or water just to survive on a daily basis.

*Prayer* and *Perspective* can be effective tools for those of us whose privileged lives tend to dull our senses and sensibility. Keeping those tool sharp and readily available requires regular maintenance and use!

With You in Christ’s Service,  
Pastor Dave

## **FROM THE MINISTRIES OF BUCC**

### **FACILITIES**

#### **Facilities Ministry Report – 6/5/2017**

The exterior lock on the new furnace room door has been re-keyed to accept the exterior master key. The HVAC floor grate in the office has been replaced.

The stained glass restoration is progressing. The restorer is trying to locate two particular colors to complete the work. ►

The interior exit signs have been updated and the drinking fountain in Pilgrim Hall is being repaired with parts from the fountain by the Music Office.

The Facilities Ministry is considering a number of options in an attempt to resolve the flooding of the lower level of the church. The exterior drains have been flushed and camera inspected. As a result of the inspection the parking lot drain receiving basin will need to be rebuilt. Additionally, the driveway entrance from Route 82 may need to be lowered to reduce the risk of flooding at the west entrance to the educational wing. The drain at the north entrance of the educational wing is too small to accommodate a deluge and solutions are being discussed.

Bids will be sought to clean all vegetation on the slope that runs from the rental property to the shed next to the school. After vegetation is cleared crown vetch would be planted. This would enhance the aesthetics of the area and make fall and spring cleanup simpler. Cost of the project will determine the feasibility.

Arlington property – gutter extensions will be added to direct water away from the foundation. In addition the wood trim on the garage will be clad in aluminum and the vinyl siding will be repaired. This will reduce maintenance. A repair to the aluminum cladding on the front of the church will be included.

## **PARISH-STAFF RELATIONS/PERSONNEL LEADERSHIP DEVELOPMENT**

SPRC and Leadership Development will be sponsoring a second Listening Session on Sunday, July 23 after church. Grab a coffee and join us in the Parlor for an information session on Christian Education. Heidi Spangler and other members of the ministry will be available for questions and answers.

Parents with children in Sunday school or approaching that time are encouraged to attend this session. ►

This can be a perfect opportunity to learn what CE is all about and perhaps find an opportunity to add your talents to this vital ministry.

We will provide child care during the session.

## BOOK DISCUSSION GROUP

At the July 10th meeting, the book being discussed is **CARRY ON** by Lisa Fenn. The group meets in the parlor at 1:00. This non-fiction choice is set in Cleveland, OH, and focuses on two Lincoln West H.S. wrestlers. The one lost both legs in a childhood train accident and is often seen riding on the back of the other who is legally blind and basically homeless. The book is a real life story of people who forged thru barriers of race, class, and disability to form a family and carry on. Any questions, call Dot Bailey 440-526-4881.

## DO YOU KNOW

That there is a container with amazing qualities at BUCC? It can be found in the lower commons and is in the shape of a barrel. It is labeled “aluminum cans”. Periodically it is emptied of its entire contents, and magically it becomes full of aluminum cans again, seemingly when no one is looking. The magic comes when the cans are redeemed and the monies

are transformed into funds for shipping medical items, childrens vitamins, and the like to the Ukraine and other SARA locations. Thank you to all the magicians who have been filling this amazing container.
